## ABOUT

Joe Diamond isn't really a magician, he's been hailed as **AMERICA'S GREATEST MIND READER**. He may look like a normal guy, but he has turned his fascination for the strange and mysterious into a full time career!

He is even a **WORLD RECORD HOLDER** for solving the world's largest corn maze, **BLINDFOLDED**. He even hacked the **PENTAGON** without a computer on Live Radio!

TV Appearances include The CW, WGN, ABC, The Today Show, Showtime, NETFLIX, and Penn & Teller Fool Us! Not only did he read the palm of host Brooke Burke, but he read minds and predicted the actions of celebrity skeptics, Penn & Teller themselves.

Joe has also appeared on the radio program **COAST TO COAST AM** where he read the mind of the host from thousands of miles away over the phone!

In 2021 the Mayor of Crystal Lake, IL declared November 16th as **JOE DIAMOND DAY!**

Joe Diamond performs his interactive mind reading shows with humor, kindness, and charm. The entire audience is involved throughout the show, both on stage and from their seats. The show is geared for intelligent grown up audiences, but all comedy is kept clean.
